DISASTER PREPAREDNESS

**WOULD YOU KNOW WHAT TO DO IF YOU AND YOUR DOG(S) WERE
FACED WITH -----**

**a hurricane - a blizzard - an automobile accident
- the bird flu - acts of terrorism - a house fire
- or a "glitch" in your airline travels ?????**

Well, Arnold Goldman, DVM (Executive Director of SART - Connecticut's State Animal Response Team) has some of the answers for us.

Dr. Goldman's credentials are a mile long. He champions the human-companion animal bond, recognizing the special place animals have in our lives. He strives to provide care for his patients which meets the expectations of pet owners for their own care.

Dr. Goldman lives in Canton, CT with his family, numerous Boston Terriers, three cats, and his bird "Malcolm", a blue front Amazon.

Reserve a few minutes **Thursday evening** to hear this fascinating speaker.
